Fund performance is shown net, which is after the deduction of the management fees applicable to your scheme. Please refer to your scheme literature, or to your scheme administrator for the fee rate that applies to your scheme. Past performance is no guarantee of future performance.

We use Benchmarks as a good way to measure how a Fund is performing when compared to something similar - if a Fund is performing as intended by LGIM, then we would normally expect the performance and benchmark figures to be close to each other. The Trustees of your Pension Scheme and their professional investment advisors monitor this performance to make sure the Fund fits with their investment objective for it (see Fund Objective box above).
